**RH Seminar**  
**“Personal Introductions” Overview**

During the first several weeks of the quarter, you will have to opportunity to introduce yourself to your PLP colleagues – other Fellows, individual Mentors, faculty and staff in the program. The goal is to get to know each other personally and professionally, and to allow for the discovery of common interests and experiences.

**We’d like to learn:**

- About your personal life: your family (pictures would be great), a bit about what your hobbies and how you like to spend your non-working time.

- How you reached your current profession and job – who influenced you, including family and mentors, what path did you take to get here? What other jobs did you have along the way?

- What are some of the challenges and rewards in your job (if you’d like to share them)?

- Are there any particular aspects of your country’s culture, religion, or history that have shaped your interests and who you are?

**Presentation Format:**

- Each of you has a 30 minute time-slot. Plan on a 15 minute presentation, followed by another 15 minutes for questions and discussion with the group.

- Feel free to use whatever format makes the most sense to you - you may use Powerpoint or overhead transparencies if you wish, or nothing at all! These introductions are meant to be informal – the goal is to get to know you.

- If possible, review your presentation with your Mentor or Steve, Liz, or Julie before your presentation date.
